

BUREAU OF ENERGY EFFICIENCY

Government of India, Ministry of Power

May 11, 2004

V. S. Verma
Director General

MESSAGE

I am glad to know that you are appearing in the first National Certification Examination for Energy Managers and Energy Auditors under the Energy Conservation Act 2001 conducted by Bureau of Energy Efficiency (BEE), Ministry of Power, Government of India on 22nd and 23rd May 2004. I am sure that you will be getting all necessary inputs required for the preparation of the examination from the National Productivity Council who are the National Certifying Agency. On successful completion of examination, your role either as a Certified Energy Manager or Energy Auditor is of paramount importance for the successful implementation of the Energy Conservation Act. In the years to come, there will be more and more challenges for the Energy Managers and Energy Auditors in meeting the increasing energy needs of the country by minimizing the gap between demand and supply. The best option is to conserve the energy and utilize it in the most efficient manner so that the existing energy resources are made available for longer period of time and also in case of electrical energy, the existing capacity should be able to meet the demand of the larger population of users.

This examination not only aims at providing necessary knowledge to practicing energy engineers but also aims at capacity building for meeting the future needs of the energy sector. I am sure that you will be gaining a lot by appearing in this examination

I wish you all success in the ensuing examination and look forward to your valuable contribution to the energy sector.
