

Observation on technical paper issue # EE 12

Four team have responded to this issue. As this exercise is a team effort with minimum three members. Such group who are already doing some activity in energy management with a group of people working on this have responded to this issue. This also involves efforts in collecting the real data about equipments from accounts department asset registers regarding book value/ rate of depreciation etc. etc.

The team of BSES, Dahanu consisting of Mr. Rashid Shaikh, Mr. B. N. Singh and Mr. Sunil M Katre, have provided complete information, as asked for in this issue, they have put efforts to get the real data, which makes the complete report accurate and more useful. This will also give an opportunity to them, and review which equipment can be considered for energy audits, and they can also have a fruitful and meaningful discussion with their management on this subject. We congratulate the team for their efforts and award Rs. 1,00,000/-.

Other three team member have also contributed to this issue, but they need to take the real data, to make the reports meaningful. We appreciate their efforts and award Rs. 10,000/- to each team.

Congratulations to all the winners! Keep up the good work.
