

# Energy Summit 2004

## Flagship event on Energy Efficiency

26 – 30 October 2004: Chennai

*“Energy Summit”- a flagship event of the CII on Energy efficiency in its sixth edition is being organized at Chennai from 26 – 30 October 2004. It is presented as a single point solution provider for all energy efficiency issues.*

Energy Summit 2004 features the following major events:

- National Award for Excellence in Energy Management: 26 & 27 October 2004
- EnCon & Renewable Energy Technology: 28 & 29 October 2004
- Oil & Gas Meet: 30 October 2004

### National Award for Excellence in Energy Management (26 & 27 Oct 2004)

CII-Godrej GBC presents the 5<sup>th</sup> National Award for Excellence in Energy Management. The coveted award was instituted in 2000 and recognizes and acclaims energy efficiency of industries in various fields.

The objectives are to recognize excellence in Energy Management and facilitate sharing of best practices.

#### Award Competition

About 38 top energy efficient industrial units, shortlisted based on a questionnaire survey and selected by an expert panel of judges will be making their presentations at this competition.

The competing companies will be presenting about their innovative approach and methodology they adopted for achieving excellence in Energy efficiency, supporting with implemented case studies.

The best 18 out of the competing teams will be awarded the shield along with certificate of merit as “Excellent Energy Efficient unit”.

#### Benefits

- ❖ A unique opportunity to learn about the best practices adopted from best performing companies in the country
- ❖ Facilitate adoption of similar project at your units, leading to enormous saving
- ❖ Opportunity to interact & network with individuals and companies of repute from diverse industries

## EnCon & Renewable Energy Technology Meet (28 & 29 Oct 2004)

To be globally competitive, there is a need for the Indian industry to reduce their manufacturing cost. In majority of the industrial sectors energy cost accounts for a significant portion of the total manufacturing cost.

Energy conservation and use of renewable energy sources as substitute for the conventional energy sources can minimize the energy cost and make the Indian industry globally competitive.

World over, novel initiatives are being undertaken; new energy efficient practices and technologies have been developed to advance efficient use of energy and maximize utilization of renewable energy potential.

To advance these world - class energy efficient technologies and concepts in Indian Industry, CII-Godrej GBC is organising the EnCon & Renewable Energy Technology Meet.

The objectives of the Encon and Renewable energy technology meet are to disseminate knowledge & information on

- ❖ World Class energy efficient technologies and concepts
- ❖ Latest advancements in Renewable Energy technologies
- ❖ Corporate best practices on energy efficiency

### Highlights

- ❖ Latest trends on energy efficient & renewable energy technologies
- ❖ International speakers to share their experiences
- ❖ Policy makers from Ministry of Power, Bureau of Energy Efficiency, Ministry of Environment & Forest and MNES to speak in the conference
- ❖ Exclusive session on Funding Opportunities for Energy efficiency & Renewable energy

### Focus areas

- ❖ World class Energy efficient technologies and concepts
- ❖ Best practices adopted in various sectors of industries
- ❖ Technological trends in Electrical Systems, utilities and thermal systems
- ❖ Energy Conservation Trends in Captive Power Generation
- ❖ Renewable energy technologies
- ❖ Financing mechanisms
- ❖ Clean Development Mechanism

### Benefits to participants

- ❖ Exposure to world class energy efficient technologies and concepts
- ❖ Information exchange through experience sharing
- ❖ Latest trends and technologies in renewable energy
- ❖ Provide a platform for networking with the industry experts, technology providers and suppliers

## Oil and Gas Meet (30 Oct 2004)

The Oil & Gas sector together contribute about 41% of the total energy consumption in the country. The demand for petroleum products is expected to increase from 97.7 millions tons in 2001- 02 to about 140 million tons in 2006-07, and therefore the oil & gas sector is expected to register rapid growth in the next few years.

Environmental protection in the oil and gas sector has been attracting increased attention from governments, oil companies, and the general public at large. The entire supply chain - right from the exploration stage down to the ultimate user therefore need to be designed taking into account the environment perspective.

Hence, there is an **imminent need for adopting newer and environment friendly technologies extending through the entire supply chain..** This approach is required for the growth of the Oil & Gas sector and also facilitate in achieving the national objective of "sustainable development".

Against this backdrop, CII-Sohrabji Godrej Green Business Centre is organising the **Oil & Gas Meet** at Chennai on **30 October 2004**.

The meet is being organised as a central platform for information on the latest trends and technologies in the Oil & Gas sector. **Special focus is laid on environmental aspects covering the entire supply chain of exploration, production, refining, transportation and use.**

### Highlights

- ❖ Broad overview of Indian / International Petroleum industry
- ❖ Macro level environmental issues and concerns
- ❖ Key speakers from leading oil & gas companies
- ❖ Perspectives of all stakeholders including manufacturers, consultants and users

### Focus Areas

- ❖ Environmental aspects in petroleum exploration and refining
- ❖ Fuel specifications and upgrading at refineries
- ❖ User perspectives on fuel specifications
- ❖ Fuel transportation
- ❖ Other sustainability issues

### Benefits to Participants

- a) Exposure to latest environment friendly technologies and trends in the Oil & Gas sector
- b) Provide Platform for networking between the stakeholders of the sector
- c) Best environment practices from the leaders in Oil & Gas sector
- d) Catalyze Business Opportunities

## Delegate Fee\*

Event		Delegate Fee	
		Indian Participants (Rs / participant)	Overseas participants (USD / participant)
National Award for Excellence in Energy Management	(a)	5000	100
EnCon & Renewable Energy Technology Meet	(b)	5000	100
Oil & Gas Meet	(c)	2000	40
Attending (a) & (b)	(d)	8000	160
Attending either (a) & (c) or (b) & (c)	(e)	6000	120
Attending all the three events	(f)	9000	180

*\*Delegate fee is non-residential and non-refundable. However change in nomination is accepted. Delegate fee can be paid by DD drawn in favour of "Confederation of Indian Industry" payable at New Delhi.*

You may kindly send in your nominations by returning the enclosed reply form duly filled.

*For any further information / clarification, please contact:*
