

Observation on technical paper issue # EE 26

Issue # 26 received total 24 contributions.

We thank for an overwhelming response from the participants for Issue # 26. Total 24 technical papers have been received showing the interest of automobile sector on energy conservation and EC Act.

These technical papers are received from automobile sector specialists, consultants energy audit firms etc. However very few technical papers touched the actual topics, as per the issue # 26. Some papers talk about the advancement of technology in automobile sector which is not our area in this issue, we wanted to know, how the energy consumption could be reduced in the manufacturing process in a automobile plant and what are the problems faced and to resolve them. Some papers are good giving good methods of energy savings and their suggestions. We have selected 4 such papers for the award of Rs. 10,000/- each for the time being.

Sl. No.	Name of the winners	Company Name	Email
1.	Mr. Ashish Kumar	Maruti Udyog Limited	ashish.sharma@maruti.co.in
