

## ENERGY POLICY

We at The K.C.P. Limited, Cement Unit, Macherla, are committed to optimally utilize various forms of energy (i.e) Fuel and Power in a cost effective manner to ensure conservation of energy resources.

To meet this we work hard to:

1. Reduce specific Energy consumption by identifying areas of energy saving potential.
2. Set energy consumption targets and monitor energy consumption levels continuously.
3. Create awareness among all the employees to reduce wastage of energy anywhere in any form as we believe that "Energy neither be created nor destroyed but can be wasted".
4. Implement innovative ideas for modification, improvement and upgradation of equipment & process for optimizing energy consumption.

V.L. Indira Dutt  
Joint Managing Director
