

ऊर्जा कार्यकुशलता ब्यूरो

(भारत सरकार, विद्युत मंत्रालय)

BUREAU OF ENERGY EFFICIENCY

(Government of India, Ministry of Power)

CIRCULAR

6th September 2005

Sub: Free uploading offer on our website of industry requirement/ employment notice on engagement of energy managers/ energy auditors

You may be aware that as per the EC Act, it may be mandatory for a designated consumer to appoint or designate energy managers and get the energy audit done from an accredited energy audit firm. Bureau of Energy Efficiency has already proposed temporary accreditation to 65 energy audit firms to help the industry. Further, 344 energy managers and 468 energy auditors have successfully passed the first certification examination conducted by BEE. All these information is already available on the Bureau's website. These specialized experts would assist the industry in the implementation of EC Act, resulting in saving of energy and money.

The website www.energymanagertraining.com is supporting designated consumers by providing related information for implementation on EC Act. This website has become very popular, and is being viewed by large section of Indian Industry members of all sectors. The website has a large data base of more than 11,000 registered users, which consists of industry specialists, energy managers, energy auditors, energy audit firms, equipment manufacturers, teaching faculty & students from educational institutions etc.

We are sure that all the industry members are also equally keen in implementing EC Act and might have drawn plans for recruitment of certified energy managers. Further, they may be planning for getting energy audit done from an accredited energy audit firm. The industry may also be planning for procurement of energy efficient technology and equipment and supporting software for implementation of the various energy efficiency improved projects.

In this connection, we would like to offer our assistance free of cost in uploading the below mentioned your information/ requirement on our website.

- (1) Requirement for recruitment of energy managers and energy efficiency specialists (send details of job responsibilities, qualification, experience to job@energymanagertraining.com).
- (2) Requirement for conducting plant studies, energy audit and execution of energy efficiency projects and procurement of energy efficient equipments & technology (send along with all details to tender@energymanagertraining.com).

Your requirements will be uploaded **FREE** of cost on our website www.energymanagertraining.com

Please advise your HR Department and Procurement / Materials Department to forward such requests to this website.

Please note that we reserve the right to select and upload the received information.
