POWER SAVINGS GUIDE
ENERGY CONSUMPTION
UNITS PER YEAR

What Energy Label means for your brand of appliance

- A proof of less energy consumption
- A value addition for customers
- A credible recognition of quality product
- Higher sales and profits

How it works

- You apply online. Supply all the requisite information
- An independent laboratory with valid accreditation undertakes the test procedure (energy efficiency and other performance tests)
- Your brand gets to display the BEE Star Label on the packaging and product
- BEE promotes Star Label through consumer awareness, education and advertising
